

FAMILY LAW

The end of a relationship can be one of the hardest life events to navigate. Our team of nationally recognized family law attorneys form the preeminent family law practice group in the Pacific Northwest.

As a “firm within a firm,” our divorce attorneys are uniquely positioned with access to in-house expertise in tax and business, trusts and estates, employment, and real estate to optimally serve clients, especially those with high net worth and complex estates.

DIVORCE SERVICES

We are respected for our experience and success representing clients in divorce, legal separations, committed intimate relationships, child custody, child support and parenting plans, as well as prenuptial and postnuptial agreements. Recognizing that disputes about child custody are one of the most delicate and emotional aspects of the separation process, we approach each case with individualized attention and care, in an effort to minimize the impact of parenting issues on our clients’ children.

COLLABORATIVE LAW

We are on the cutting edge of emerging family law dispute resolution processes, including Collaborative Law, which is a method of settling disputes in a respectful manner using an “out of court” negotiation structure in order to achieve a mutually beneficial resolution.
